

Recall Bobby Duncan!

Bobby Duncan is arguably the most controversial city councilmember in Yucaipa's history, known for his unprofessional behavior. Citizens from across Yucaipa have raised concerns about Duncan's ethics and potential conflicts of interest stemming from his real estate business. His actions, whether due to poor judgment or intentional, represent a clear conflict of interest and a breach of public trust.

Why must he be recalled?

- **Greed & Indifference:** He voted to disband the rent control board for mobile home parks, impacting the most vulnerable.
- **Dishonesty & Selfishness:** Despite campaigning on promises of slow development and preserving rural character, he has supported every high-density project proposed across the city.
- **Disrespect:** He derogatorily referred to his own district, Yucaipa Historic, as “the slums.”
- **Arrogance:** He publicly declared during a city council meeting on February 27, 2024, that he has stopped listening to the citizens, admitting he “spends 50% of his energy every day trying to not cross a line.”
- **Contempt for Democracy and breaking the law:** Duncan bragged to constituents about orchestrating the removal of his opponents' campaign signs—a misdemeanor.
- **Irrational & Unreasonable:** Despite a scientific poll conducted by City Manager Chris Mann indicating that at least half of the citizens oppose the Wine Country Specific Plan, Duncan voted for it on March 27, 2024, which would drastically alter Yucaipa’s rural atmosphere.
- **Ignorance:** The San Bernardino County Civil Grand Jury has found that council members, including Duncan, lack the necessary knowledge for effective governance.

These are just a few of the many reasons Bobby Duncan no longer deserves the trust of Yucaipa’s citizens. If you live in District 3, sign the petition, and **vote to recall Bobby Duncan!**
